

Joining the Volunteer Pool

It is your choice whether to join the Volunteer Pool, which enables organisations who have volunteer roles matching your profile to contact you direct about a role you might be interested in.

1

If your profile is not fully complete yet, starting from the GoVolHerts Home page, go to your account by clicking on the top right round icon and then click "Complete Your Profile".

2

Tick your preference for joining the Volunteer Pool, or not (and other preferences).

The screenshot shows the GoVolHerts website interface. A modal titled "Complete your profile" is centered on the screen. The modal has a progress bar at the top right showing 40% completion. Below the title is an illustration of a person in a red dress. The main heading is "How can we help you?". Below this, there is a text prompt: "Let us know how and why you want to be contacted." followed by three options: "Join our Volunteer Pool and get contacted about relevant opportunities based on your profile directly by organisations." (unchecked), "Join our Crisis Pool if you are willing to help in times of crisis." (checked), and "People can also reach me by phone." (unchecked). There is a text input field for "Phone number". At the bottom of the modal, there is a checked option "I'm happy to receive communications from GoVolHerts" and a "Skip to Motivation" link with a right arrow. The background of the website shows a sidebar with navigation links like "Find a volunteer role", "For organisations", and "More". The main content area has a header "GoVolHerts Training" and a section "GoVolHerts Volunteering Centre". On the right, there is a user profile for "Emily Member" with a "Complete Your Profile" button. Below the profile, there are sections for "My Opportunities", "ORGANISATIONS", and "GoVolHerts". At the bottom, there is a button "Browse all opportunities on GoVolHerts" and a section "People (8)".

Complete your profile

How can we help you?

Let us know how and why you want to be contacted.

☐ Join our **Volunteer Pool** and get contacted about relevant opportunities based on your profile directly by organisations.

☒ Join our **Crisis Pool** if you are willing to help in times of crisis.

☐ People can also reach me by phone.

3

If you want to join the Volunteer Pool, make sure you complete your next step, the Motivation statement, with information about yourself. Administrators of organisations will be able to see this if your profile shows a potential match with their volunteer role; they will use this information to decide whether to contact you to discuss your interest and suitability for the role.

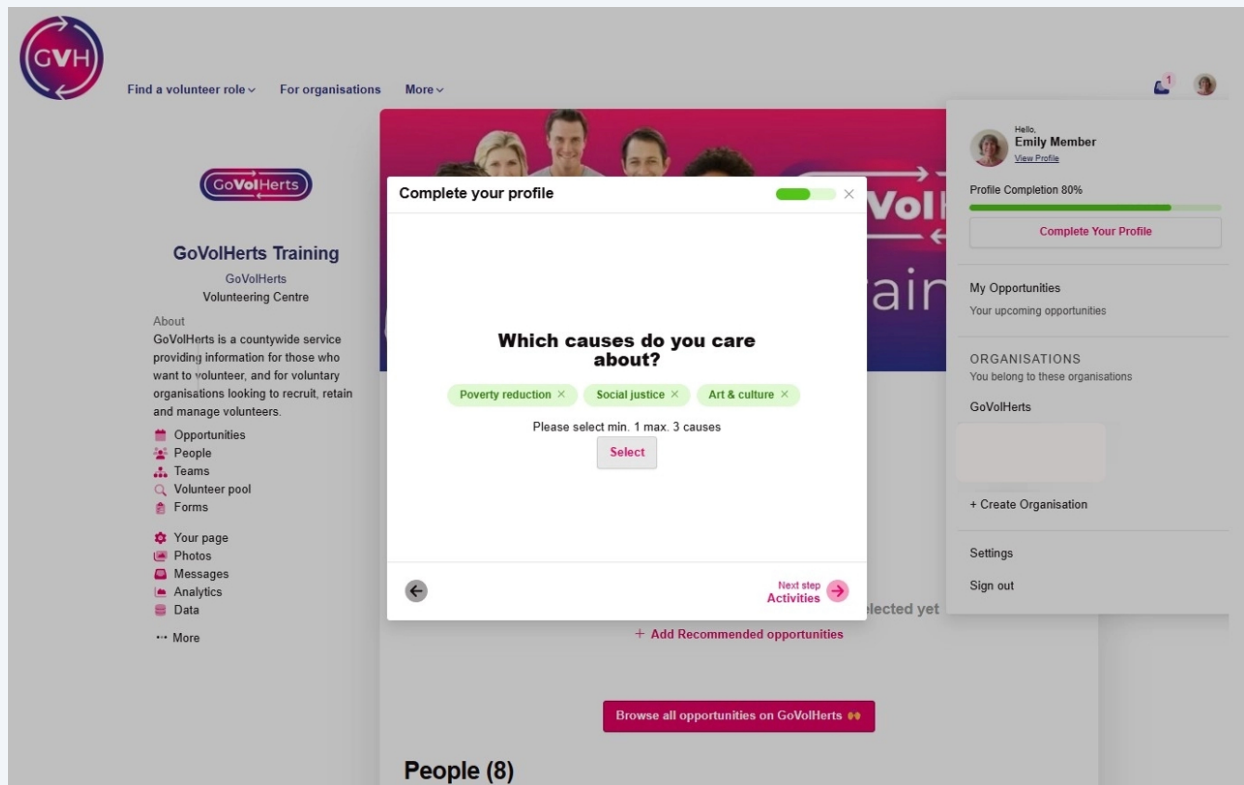

4

Ensure also that you've ticked the Causes and Activities you're interested in. This information is what helps the system find volunteer roles that might be a good fit for you.

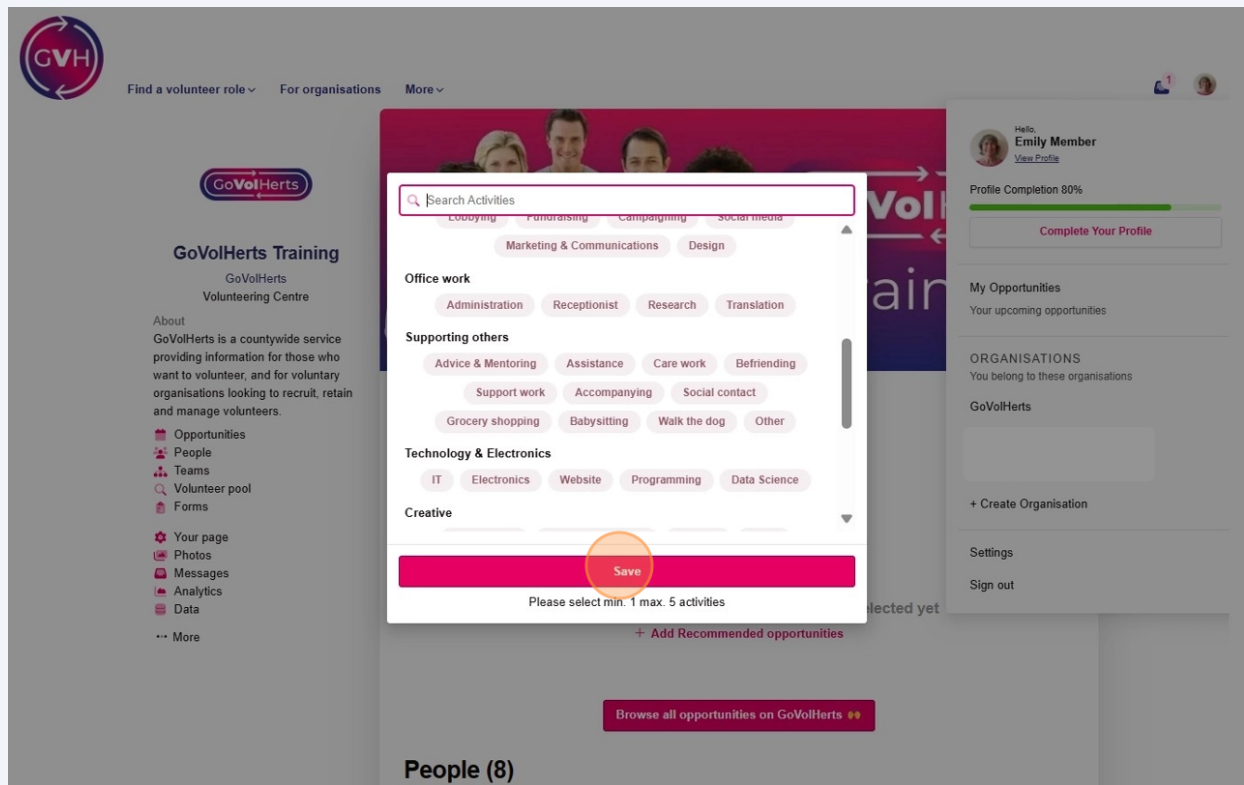

5

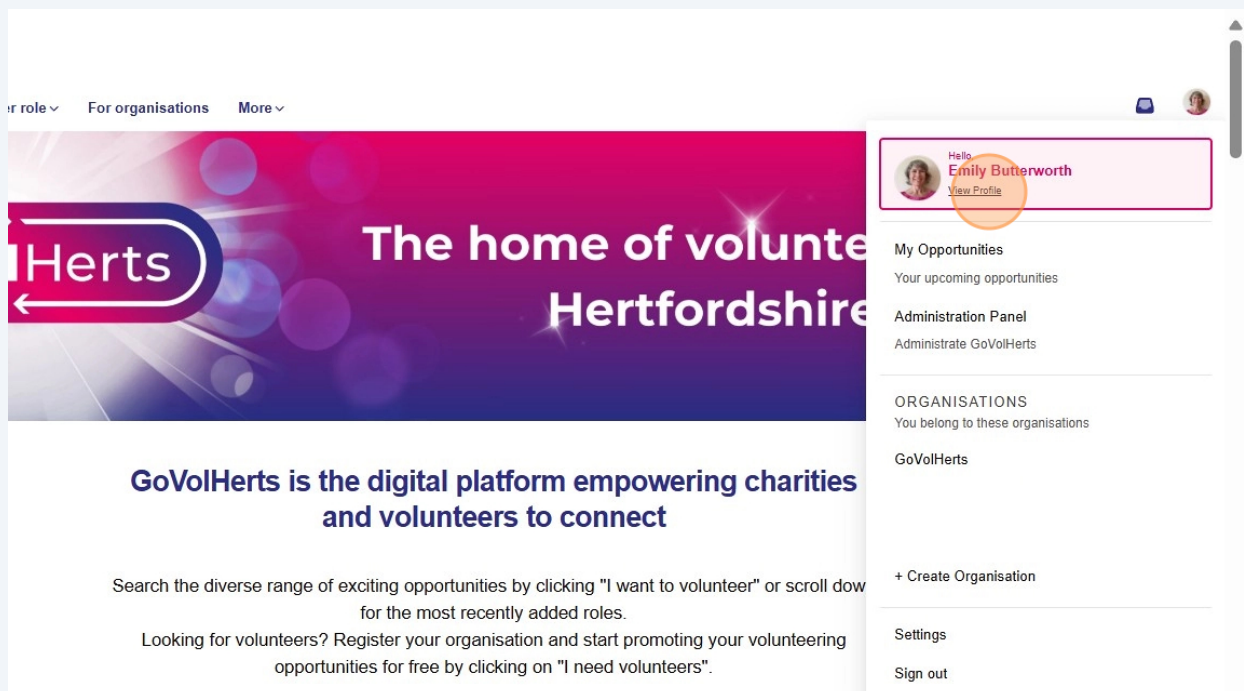

Once you've selected from the options, they'll appear in the window and you can go to the next step.

6 Save your new profile settings.

7 If you've already completed your profile but now want to change your settings, from GoVolHerts Home page, go to your account by clicking on the top right round icon and then click "View Profile".

8

Click "Edit profile"
